

OZOVITA®

ORGANIC OZONATED OIL SOFTGELS

- OZOVITA replicates the dose and peroxide index proven to be effective in pre-clinical and clinical studies.
- Certified ISO9001 for our production quality and manufactured with ozonated oil certified organic by BioInspecta (in Switzerland).
- Manufactured in an FDA-registered laboratory for complete reliability.
- The best price/quality and price/quantity ratios you will find around the world.
- Free of petrochemicals, pesticides, GMOs, sugar, gluten and preservatives.

CLINICAL APLICATIONS

Aids in the treatment of Helicobacter Pylori (Lezcano, et. al., 1998; Sechi, L., et. al., 2000)

Gastroprotective effects: Gastritis or Stomach ulcers (Zamora, Z., et. al., 2007)

Parasitosis (Zamora, Z. et. al., 2016; Hernández, F., et. al., 2009)

Preventive and therapeutic effects of the E.Coli infection (Exposito, E., et. al., 2015)

Prevention of Covid-19 Infection and Related Complications by Ozonized Oils (Izzotti, A., et. al., 2021)

Impetigo treatment (Menendez, S., et. al.,2007)

Irritable Bowel Syndrome (Abu-Gharbieh, E., et. al., 2014)

Mycobacteria, Staphylococci, Streptococci,Enterococci and Pseudomonas Infections (Sechi L. et al 2000) (Lezcano, I., et. al.,1996)

Treatment of alveolitis, herpetic gingivostomatitis,infected root canals and chronic periodontitis (Martinez, G.,et.al.,2012)

Synergistic effect with antibiotics: it would producea greater potentiation of the antimicrobial effect, while reducing the possibility of microorganisms achieving resistance to the drug (Curtiellas, V.,et. al.,2014)

Fatty liver / Hepatic Steatosis (Kato, Y., et. al.,2022)

Intestinal malabsorption syndrome (Mendez, N., et. al.,2003)
